BREMNES SEASHORE – CONFIRMATION ON ANTIBIOTICS

We confirm that our farmed Atlantic Salmon is free from antibiotics, nitrofurans (or its derivatives), Triarylmethane dyes (including, but not limited to, Malachite green, Crystal violet and Brilliant green), Stilbenes (including, but not limited to, Stilbene, Dienestrol, Diethylstilbestrol, Hexoestrol), Chloramphenicol, Nitroimidazoles (including, but not limited to, Dimetridazole, Ipronidazole, Metronidazole) og β -agonists (including, but not limited to Clenbuterol).

Neither natural nor synthetic hormones nor antibiotic agents are used in the production of our farmed salmon, and we have not used antibiotic agents for medical treatment since 1992. Our goal is to continue this practice.

Best regards
Bremnes Seashore AS
